Dear Carey and Mark:

This letter will express WTTW Chicago's support for your documentary *Jens Jensen Harmonious World*, which focuses on the life of visionary landscape architect Jens Jensen. Jensen's pioneering work in the green space movement has had a lasting impact on America, particularly here in Chicago and the Midwest. WTTW11 would welcome the opportunity to share his story with our viewers, and potentially, offer it to public television viewers throughout the nation.

As you know, Jen Jensen's life and work has been featured in a number of Chicago area tour programs created by WTTW producer and popular on-air host Geoffrey Baer. Geoffrey and I would be pleased to give you further feedback as production of your program moves along. WTTW is also open to Geoffrey narrating the program, or recording an introduction to it. In addition, we would be happy to contribute existing footage related to Jensen that we have shot for previous WTTW11 productions; to promote its broadcast both on-air and on the web; and to encourage other public media programmers to schedule the documentary as well. We can discuss with you providing exposure both on-air and at our web site, wttw.com, to funders and other supporters.

Please let us know if there's anything else we can do to help as you seek funding to bring *Jens Jensen Harmonious World* to television.

Sincerely,

V.J. McAleer
Senior Vice President of Production
WTTW11 Chicago
